References for Articles Appearing in the Summer, 2016 Edition of
The Maryland Family Doctor
Theme: Genomics in Primary Care Medicine

Genomics in Family Medicine
F. George Leon, M.D.

Genetics in medicine | Volume 15 | Number 4 | April 2013 Implementing genomic medicine in the clinic: the future

Psychiatr Clin N Am 34 (2011) 147–166Genomics for Disease
Treatment and Prevention
Cinnamon S. Bloss, PhD, Dilip V. Jeste, MD, Nicholas J. Schork, PhD,*

Academic Family Physicians’ Perception of Genetic Testing and Integration Into Practice:
A CERA Study
Arch G. Mainous III, PhD; Sharleen P. Johnson, MA;
Svetlana Chirina, MPH; Richard Baker, MD (Fam Med
2013;45(4):257-62.)

Essential Elements of Genetic Cancer Risk Assessment,
Counseling, and Testing: Updated Recommendations
of the National Society of Genetic Counselors

GINA, Genetic Discrimination, and Genomic Medicine
Robert C. Green, M.D., M.P.H., Denise Lautenbach, M.S., C.G.C., and Amy L. McGuire, J.D., Ph.D.
n Engl j med 372;5 nejm.org january 29, 2015

Beyond clinical phenotype: The biologic integratome
David Grimaldi; Yann-Erick Claessens; Jean-Paul Mira; Jean-Daniel Chiche
Crit Care Med 2009; 37(Suppl.):S38–S49)

Primary care physicians' awareness, experience and opinions of direct-to-consumer genetic testing. Journal of
Genetic Counseling, 21(1), 113-126.doi: 10.1007/s10897-011-9390-9

The ENCODE Project at UC Santa Cruz
1Department of Biomolecular Engineering, 2Center for Biomolecular Science and Engineering and
3Howard Hughes Medical Institute and University of California at Santa Cruz, Santa Cruz, CA 95064, USA Nucleic
Development and validation of a primary care-based family health history and decision support program (MeTree).

Orlando LA¹, Buchanan AH, Hahn SE, Christianson CA, Powell KP, Skinner CS, Chesnut B, Blach C, Due B, Ginsburg GS, Henrich VC.

Clinical Interpretation and Implications of Whole-Genome Sequencing

Genetic Assessment of Breast Cancer Risk in Primary Care Practice
Wylie Burke1,2,3, Julie Culver1,2, Am J Med Genet A. 2009 March; 149A(3): 349–356

Genetic educational needs and the role of genetics in primary care: a focus group study with multiple perspectives
Elisa JF HouwinkEmail author, BMC Family Practice201112:5

The Unmet Need of Education in Genomic Medicine
Bradley A. Patay, MDa
Eric J. Topol, MD Scripps Genomic Medicine Scripps Translational Science Institute
The American Journal of Medicine, Vol 125, No 1, January 2012

Genetic counseling in primary care: longitudinal, psychosocial issues in genetic diagnosis and counseling
Jeffrey R. Martin, MDa,b,*, Adam S. Wilikofsky, PhDa
aFamily and Community Medicine, Lancaster General Hospital Family Practice Residency Program, 555 North Duke Street, Lancaster, PA 17604, USA
bDepartment of Family and Community Medicine, Temple University School of Medicine, Philadelphia, PA, USA

Direct to Consumer Genetic Testing: Implications for Clinical Care
Erynn Gordon

How to Know When Physicians are Ready for Genomic Medicine
Jason L. Vassy, Bruce R. Korf, Robert C. Green (reprinted with permission Science Transitional Medicine)

1. Jason L. Vassy1, 2, 3,*, 2. Bruce R. Korf4 and
3. Robert C. Green3, 5
